in place a massive market access programme together with a strategy to enhance the country's export capabilities and competitiveness; and

(c) if so what steps have been taken in this regard;

THE MINISTER OF COMMERCE AND INDUSTRY (SHRI MURASOLI MARAN): (a) to (c) Market access issues have acquired great importance in the world economy today. The Government is continually working towards facilitating easier market access for Indian products abroad, including for removal of various non-tariff barriers. The Government is also bringing about trade policy reforms aimed at creating a conducive environment for achieving rapid increase in exports, raising India's share in world exports and making exports an engine for achieving higher economic growth. The EXIM policy statement for this year clearly indicates the initiatives in this regard which include setting up of Special Economic Zones, more intensive participation of State Governments in export efforts, steps to simplify and rationalize procedures etc., apart from improving and rationalizing existing export promotional schemes.

FDI in Telecom, Coffee and Tea Plantation
